

Message Ten—Study Questions

1. Describe how the Lord's concept of leadership is the opposite of the natural concept.
2. Why do we say that the leadership in the New Testament ministry is in the New Testament teaching more than in the leading ones of the New Testament ministry themselves and that the leadership in the New Testament ministry is the leadership of the controlling vision of God's eternal economy, not the leadership of a controlling person?
3. What are the three major items that the Lord is recovering in the present advance of His recovery of the contents of God's eternal economy?
4. Can you relate an experience of your having been governed, controlled, and directed by the vision of God's eternal economy?
